 The Mayor declared the motion carried.

The Mayor announced that this was the time and place for the Public Hearing on approving plans and specifications, form of contract, and estimated costs for improvement- 2018 1st Ave NW resurfacing. The City Clerk announced that no oral or written comments were received. The Mayor then closed the public hearing.

The Mayor announced that this was the time and place for the Public Hearing on proposing disposition of interest in real property by the City of Waukon- West Side Development Lot 3. The City Clerk announced that no oral or written comments were received. The Mayor then closed the public hearing.

Under Public Comments: Ardie Kuhse- WEDC shared information on the statewide plaza art project.

Under Departmental Reports: Police Chief Phil Young briefed that a new hire would have a later start date due to need to pass the eye exam. He requested permission to purchase ammunition, which the council gave him. Street Superintendent Keith Burrett briefed that the new street signs were up with exception to the signs located in immediate downtown which will wait until new light poles are in. The work on the parking lots is complete. Water & Sewer Superintendent Jim Cooper briefed that he is working on getting pricing for a new jetter. The current jetter is twenty years old and needs to be replaced. Park, Rec & Wellness Director Jeremy Strub briefed that the pool will be closed to the public starting Wednesday, August 22nd. Sunday, September 16th there will be a dog swim. Flag football and youth volleyball will be starting in coming weeks. Adult kickball starts Wednesday, August 22nd. Everything should be completed this Fall for the amphitheater; ready for events this Spring.

Councilmember Ellingson arrives.

City Manager Dean Hilgerson briefed that he will work with Ron Feigl, Holophane to coordinate review of lighting requirements with AECOM, which is working through the DOT, to assure number of poles, type of lighting is adequate and meets the DOT specifications. Due to uncertainty of plaza design progression, the City Manager is working on an alternate location for the transformer and controls for street light signals. He wants to have an alternative because of the need to solidify when we go to bid on the DOT contract. Bid letting has been delayed until January so it does give us some time. An application will be filed for the water quality project. It is a competitive application in which we may be granted something, or not but it gives us time to decide if will do the project or not. Dean has been in contact with an individual that does saw-cutting of sidewalk areas that have trip hazards. The individual has a program that has been offered, at no cost, to survey the condition of sidewalks, the City Manager will pursue and see where this goes. There will be a Planning & Zoning meeting Aug 28th to discuss urban chickens.

Brooke Troendle presented the walking audit review for the Walk-On Waukon group. July 20th Wellmark did a walking audit. Their goal is to make Waukon healthier with as little change and as little money as possible. Wellmark will return September 14th to do a follow up presentation of their recommendation. The City Manager asked to consider a presentation at the September 17th Council meeting. Brooke shared that the Walk-On Waukon group was granted a \$25,000 Wellmark grant for sidewalks. They need a two to one match by November 23rd grant deadline. Brooke requested to be added to the next agenda to request a contribution from the City. No action taken.
