Ben Rausch arrives during departmental reports.

**Under Departmental Reports:**

Police Chief, Phil Young, briefed that testing for new applicants is April 13<sup>th</sup>. Interviews will begin sometime following.

Street Superintendent, Keith Burrett, briefed about work schedule and core outs. He also shared information on various trash bins to use once the Department of Transportation (DOT) project is done. It was noted that the Street Department would remind the downtown businesses that the bins/cans are for public use not individual business use. Water & Sewer Superintendent, Jim Cooper, briefed that Bruening would be finishing digs for the road project. They will honor prior year bids. The digs are deeper and there are time constraints for the City crew.

Park, Recreation & Wellness Director, Jeremy Strub, briefed that park employees have started back to work. The soccer program will start next Saturday. Tennis court bids will be read April 10<sup>th</sup> at the Wellness Center for the Tennis Court Project and expect to work on the courts this summer. Park tree removal is complete and Hangartner is waiting to seed.

City Manager Dean Hilgerson briefed that Wednesday the preconstruction meeting for the Wastewater Treatment Plant will be lead by Lucas Elsbernd, Fehr Graham, with contractors and subcontractors in attendance at the City Hall. Tentative project start date is April 15<sup>th</sup>. The City manager along with the City Clerk and one Council member, Gayle Decker, attended the ambulance board meeting last week. A draft of a 28e agreement between the City, hospital, ambulance board and townships is to be drawn up. In regards to the sidewalk survey proposed by Precision Concrete, Dean contacted other Cities regarding their contracts. Until we determine how we want to approach the sidewalk situation, he recommends not getting into a contract at this time. Safety training sessions with the Iowa Association of Municipal Utilities are being attended.
